

Rapilose® Gel

Fast acting glucose gel

Rapilose® Gel is a pleasant tasting, easy to swallow glucose gel designed to rapidly boost your blood sugar levels.

Rapilose® Gel is available in packs containing 3 tubes of 25g, with each tube delivering 10g (40% w/w) of glucose.

The product is for oral consumption only.
Not to be given to people who are unconscious.
Not recommended for children under 2 years.

Keep out of the reach and sight of children.
Do not use if the product has been previously opened or the tube punctured.

Store below 25°C
Do not use after the Expiry date printed on the carton and tube.

Directions for use

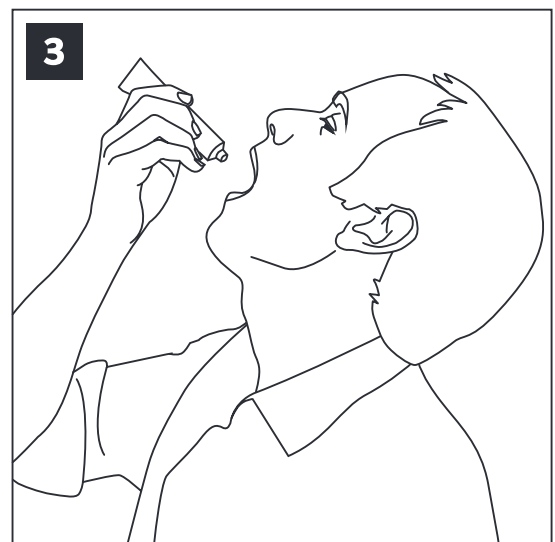

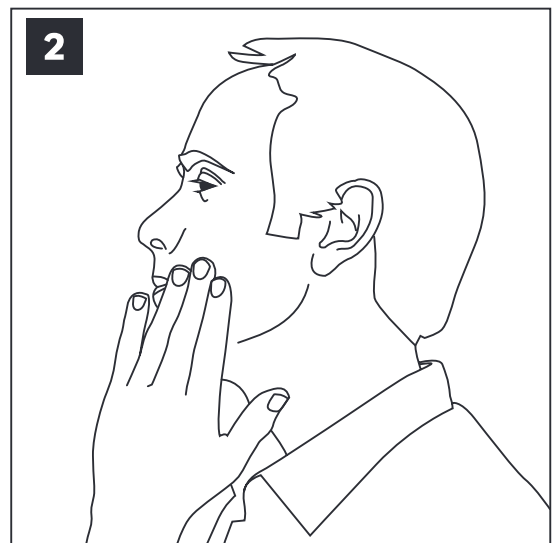

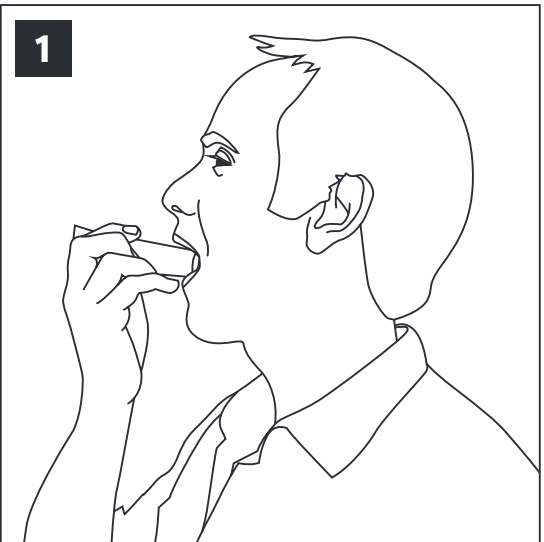

- 1 Twist off the cap and squeeze the required amount of gel inside the cheek.
- 2 Gently rub the outside of the cheek to help spread the gel to aid absorption.
- 3 Alternatively, squeeze the gel into the mouth and swallow.

Repeat if necessary. If you are unsure of how much carbohydrate you should be using, speak to your healthcare adviser for further information.

Ingredients

Water, glucose syrup, glucose monohydrate, gelling agent (xanthan gum), flavouring, acidity regulator (citric acid), preservatives (potassium sorbate, sodium benzoate), antioxidant (ascorbic acid).
